

SAMEER BHATTA

SUMMARY

I am currently studying Bachelors in Computer Application at Nepal Mega College Kathmandu, in affiliation with Tribhuvan University. I have done 4th and 6th semester projects in web development, mainly using the MERN stack (MongoDB, Express.js, React, Node.js), and I'm excited to apply these skills in an internship. I enjoy working on web projects and creating user-friendly applications. I'm a good team player, a creative problem solver, and eager to learn from professionals while contributing to real-world web development projects.
